## COUNTY CHRISTMAS

(Special to The Bulletin)

Kalahe, Molokai, Jan. 2.—Christmas and New Year over and done with. There has been so little to mark the holiday season one might think it a huge mistake. On Christmas day there was a ball game at Kaunakakai between the Kaunakakaians and the Kamaheans reinforced with Honoluluans. There was also a horse race.

On New Year's day there was again a horse race at Kaunakakai. On the eve of Christmas and New Year the Kamahe and also the Kaunakakai boys favored all the neighborhood with their pleasant music. The songs were good.

The British community discussed turkey and plum-pudding, together on the 25th.

There are no grown-up girls left here and no visitors; so this ends one Christmas.

## BEHIND THE FOOTLIGHTS.

The Villain: "She looks well preserved." The Soubrette: "Oh, yes, but I hardly think she would stand a chemical analysis."

## SIERRA ARRIVES AND WILL LEAVE AT 3 P. M.

The Oceanic S. S. Sierra, Commander Houdlette, arrived off port early this morning and docked at her wharf about 8 o'clock. The vessel left Sydney Christmas day. The voyage was without any unusual incident, except during the last four days, when rough weather and head winds were encountered.

Among the through passengers is Miss Nellie Stewart and a theatrical troupe from the Colonies. The company will make a tour of the United States playing "Sweet Nell of Old Drury," one of the well known plays.

A. Kelly, a correspondent of the Los Angeles Times and a well known newspaper man, is aboard the Sierra with his wife and son. Mr. Kelly has been touring New Zealand and Australia for the purpose of studying the political and commercial conditions. With his family he spent the day here visiting a number of places of interest.

Mr. Kelly has had a number of interesting experiences during his newspaper career. It was he, while working for the Examiner at San Francisco, who rescued several Italian fishermen from a rock in the bay after their lives had almost been given up. Mr. Kelly is also somewhat of a huntsman and has been on numerous expeditions. During one of his trips he captured "Monarch," the grizzly bear now on exhibition at Golden Gate Park, San Francisco. Mr. Kelly is an expert rifle shot.

Six passengers for Honolulu arrived on the Sierra. They are: J. W. Neal, Mrs. Neal, Robert J. Richmond, Mrs. Richmond, Edward Reddele and Mrs. Reddele.

The Sierra leaves for San Francisco at 3 o'clock this afternoon. She will take a number of Honolulu people to the Coast.

Purser Walton has prepared the following log of the Sierra's voyage:

"Sailed from Sydney, N. S. W., December 25, 1905, at 2 p. m. Had fine weather with moderate to light southerly winds across the Tasman sea, arriving in Auckland, N. Z., on December 29 at 5:27 a. m. Sailed the same day at 6:49 p. m. Weather continued fine with moderate to fresh trade winds to arriving at Pago Pago January 2d, 1906, at 7:43 a. m. Sailed the same date at 11:26 a. m. Had strong northeast trades throughout the remainder of the voyage with very high head seas from the equator until arrival off Honolulu on January 9th at 5:00 a. m. Length of passage, steaming time, 14 days 18 hours, 27 minutes; detentions in way ports, 17 hours 5 minutes, making total time occupied 15 days 11 hours 22 minutes."

## A Hero.

"I know a fellow who saved two lives in one day."  
"Oh, that's nothing. I once saved nine lives in five minutes."  
"How did you manage that?"  
"Oh, I just picked a cut out of two feet of water."

James R. Garfield is already a cabinet possibility. Early in his political career his friends learned to expect great things of him and he seems to be fulfilling their predictions. He is a young man yet and may travel to the goal reached by his illustrious father.—Cleveland Leader.

## SEWALL SHIPS TO RACE AROUND HORN.

Preparations are being made by the two four-masted Sewall barks now in port awaiting sugar for a race from Honolulu to the Delaware Breakwater. The vessels are the Erskine M. Phelps and the Kenilworth. It is probable that the former will get out a week or so before the other and the men of the Kenilworth are living in hopes they will overtake and pass their rival before the four months' voyage is completed. The race around the Horn will start some time during the early part of February.

Both vessels have been put in first class condition since arriving here from the other side of the Pacific. Captain Graham of the Phelps has painted his ship and made the vessel look like new.

As soon as the Kenilworth finishes discharging her cargo of coal Captain Kelly will put men to work cleaning his ship outside and on the interior. In addition he will paint the hull with white lead mixed with tallow. This work was begun today. It is an expensive job but the men figure that much time will be made up on account of this fact between Honolulu and the breakwater. The lead and tallow make the side of the vessel smooth and accordingly allows the boat to pass through the water more rapidly.

## KONA NEWS NOTES

Kailua, Kona, Jan. 4.—Deputy High Sheriff George Sea visited the Kona on business a week ago, returning to Honolulu by the Mauna Loa of Dec. 24, 1905.

Former Deputy Sheriff Nahale was the successful bidder to the lease of the Kahalu, Keauhou, lands of the Bishop Estate. It is stated that Nahale's rent on this lease including the taxes per annum amounts to \$1500. These lands only consist of the portion mauka of the mauka government road from Kahalu-ua to Keauhou-ua. The mauka portion is under Land Commissioner Thos. White's management.

Mrs. Thos. Ali of Kailua and her family returned from Waimea by the Mauna Loa of Dec. 20. The same boat also brought Mr. and Mrs. J. Kaelemakule Jr. and son from Kawaihae.

Mr. and Mrs. Amalu of South Kona arrived at Kailua by the Mauna Loa of Dec. 20. From there they took a carriage home.

There has been a good deal of festivity both in North and South Kona during the Christmas and New Year season.

Word is received from South Kohala that Samuel Spencer's little ponies carried all the first prizes both at the Waimea races on Christmas day and at Honolulu on New Year's. One of the ponies is named "Kebaulani," after Mrs. Spencer, meaning "The Dew of Heaven," and the other "Pony," a pet name given by Miss Jeanette Spencer when she was quite a baby. These same horses have never yet lost a race, although they have been in many contests. Samuel M. Spencer is the popular baseball player and bookkeeper of the Parker ranch at Waimea.

F. B. McStocker is expected in Kona by the Mauna Loa today from Hilo via Kau.

Services were held at Christ Church, Kailua, on Christmas day. Quite a number attended both the morning and communion service.

Mrs. S. M. Spencer gave a poi lunch at her Puukapu place, Waimea, on Dec. 28th, 1905. Those present were Mrs. Thos. Ali and Mrs. L. S. August of Kona, Mrs. Fred Carter, Mrs. E. E. Conant and Misses Daisy, Bell, Ackerman and Conant.

Dr. Goodhue, agent for the Board of Health and registrar for the Kona, is at present in Honolulu.

Robert Overend continues investigating the possessions of the new sugar company at Kailua. It is rumored that the land owners will let Mr. McStocker have their lands free of rent for a year or so, this to give the plantation a start. If this is correct, there is no reason why North Kona should complain in the future.

David Alawa states that he has a \$1000 damage suit against Dr. E. S. Goodhue, to be brought before the April jury court term at Kailua. Alawa was one of the party arrested as a leper suspect.

The coffee picking season is almost over.

The steel machinery is being put up at the Kaelemakule coffee drying place at Kailua. The McWaynes are the fortunate promoters of the new industry in the Kona.

## ALAWA'S PETITION

Editor Evening Bulletin:—Aloha our I see in the Kailua Notes of your issue of Dec. 28th, 1905, "that a certain party is being credited with the circulating of the petition for the removal of the Government Physician of the Kona Districts."

I wish to state it was I alone (being one of the clean people arrested as a leper by Dr. Goodhue) who had the petition matter and promoted its circulation—the complaints being confirmed by the hundreds of signatures that accompanies my own.

This petition goes to the Board of Health today.

Yours respectfully,  
DAVID ALAWA.

Please print.

Holualoa, N. Kona, H., Jan. 3, 1906.

David was about to slay Goliath with the tiny pebble when he tossed the catapult away and dropped the pebble. "Can it be possible," exclaimed a friend in surprise, "that you are going to spare the giant's life?" "Oh, no," chuckled David, "but I am not going to be so ancient as to use a sling. I am going to drop the pebble in his caldron of soup when he is not looking and give him appendicitis. That's more modern." And David sneaked off to the giant's kitchen to fulfill his mission.—Chicago Daily News.

Pay as you go, and there is no come-back.

## Enlightened Hospitality

If we are cheerful, sympathetic and gay, the world responds in kind; if we are gloomy and gray, the world sighs a solemn accompaniment. It is a matter of fact that we largely get from the world in proportion to what we give. The idea that you have got to work for happiness and brightness, actually paying for it in its own coin, is true in every phase of life. It is true of your home as of yourself. A gloomy house will not attract cheerful people, and a dim light will shadow a smile.

Have the light of lights.—Electric Light.—installed in your home and all will be light and happiness, and there will be never a shadow.
